

Guest Testimonial

From beginning to end, I had the support and care from the staff and employees of SCCN to ensure my convention ran smoothly and efficiently, and as we had envisioned. Not only was the space one of the most convenient and accessible centres to move our (1200) delegates through but there was a team member around every corner ready to assist in any way that we needed. It was because of this dedication to service that our event ran on time every day, the food and beverage served quickly, fresh, and uniquely.

I would not hesitate to bring another convention to Niagara Falls, and the Scotiabank Convention Centre. We were treated with great care and with the greatest level of professionalism.”
