

Guest Testimonial

This was our first experience with a conference and trade-show in Niagara Falls at the Scotiabank Convention Centre. It was a totally positive experience for all of us. The building is well laid-out providing organizers and delegates with seamless access to all of the spaces that we occupied. The SCCN team has a great and positive attitude; are full of ideas; and are quick to action. Every request was executed quickly, professionally and cheerfully. The turnover of the Plenary Session into a Luncheon is legendary in our books; it showed the wonder of teamwork and precision. Would we recommend the Scotiabank Convention Centre? ... A definite *Yes!*"
