

The UnConventional Experience

MESSAGE FROM KERRY PAINTER, CFE - PRESIDENT & GENERAL MANAGER OF THE NIAGARA CONVENTION & CIVIC CENTRE

Volume 1, Issue 5

September 1st, 2009

President's Message: Fall is upon us already!

If you are anything like me at the moment your spare time is spent pouring over **cook books** to figure out what to do with the excess of **tomatoes in your garden**, or the bushels of peaches you just purchased roadside because they smelled so extraordinary in the sunshine.

Well, I have a new phrase to help you out...**"If it grows together it goes together!"** Meaning, if it is in season at the same time it is likely to taste wonderful when put together in a pot or recipe.

While I would like to take credit for this discovery I cannot. Instead it is the famous lesson uttered by our new endorsing **celebrity Chef Anna Olson** the **FOOD network personality of FRESH** and **cook book author** who is right now helping us develop our **seasonal local menus** and **special events offerings**. When a guest leaves the Niagara Convention & Civic Centre they will have had the opportunity to **"Experience Niagara"** and to relish what it means to enjoy the **local grown** and **cellared food and wines**. NCCC customers will be able to hire Ms. Olson to tailor menus as requested, as a **featured speaker**, for team building food activities, chef tables and cooking lessons. She will also appear at various industry events to sign autographs and cook for upcoming potential clients. Take a few moments to visit our website's **Food & Beverage section** and see what Anna is up to and what your future visits might taste like. And, in the meantime I'm open to trading my extra tomatoes for your garden surplus, whatever that might be!

Rental Inquires call 905-357-6222

Do you know there is a Barbershop Harmony Society Association, a Tug-of-War Association, a Road-pavers Association, the American Council of Snowmobile Association, the Knitting Guild Association, Children's Literature Association, Square Dancing Association, Bioethanol Fuel Association, Nursing Association, Financial Management Association, Associations for the deaf, for religions / students / seniors / kids / dogs / diseases / hobbies and anything else you might find yourself associated with. There is even associations for associations !

Why are we telling you this? Because all associations meet and gather together at least annually to share their passions, knowledge and have a little fun! If you belong to one of these thousands of associations why not make a call and see how we can help you move your association event to your home town and bring your fellow 'like-minded individuals' to experience Niagara and the new Convention Centre.

Check out our website for recent **job postings!**

We have a new **future contractor** on the construction site. Ryan Serneels, 9 years old from Mount Carmel School has begun an "apprenticeship of sorts" chronicling the construction of such a facility and will visit each month with his questions and take a tour of the property

We are **Building an UnConventional Experience!**
[Click Here](#) to see our progress through our **Construction Camera**.
